# Functions of Institutions

- ***policy***: functional and coherent rules for the game
- ***service*** societal needs: implementation capacity
- ***problem solving*** of societal challenges

# Functioning Institutions

- *Normal functioning institutions:  
not static, always gradual change*
- *Need for significant transformation:  
Institutions lack coherence or capacity and  
are unfavourable for civilians*
- *Institutions are not functioning:  
in uncertain environments of (post)-conflict  
setting*

## Framework: roles of CSOs

	<b>policy:</b> functional and coherent rules for the game	<b>service</b> societal needs: implementa- tion capacity	<b>problem solving</b> of societal challenges
<i>Normal functioning institutions</i>	Control Advocacy	Services to specific groups	Create space for (political) dialogue
